Rail Freight

Rail Freight Logistics

Are you looking for a block train solution for your freight consignments? We are your partner for conventional rail freight transports.

Intermodal – Continental

Road Rail Logistics

In continental traffic, we create sustainable connections between road and rail..

Intermodal – Maritime

Ocean Rail Logistics

In seaport hinterland traffic, we ensure connections to the northern and western European ports.

YOUR SEMI-TRAILER IS NOT CRANEABLE? COME AS YOU ARE!

NIKRASA
INSPIRED BY STANDARDS

Enables the shift
from road to rail.
Easy. On demand.

“In conventional transport we offer you tailor-made concepts for wagon groups and individual block train solutions.”

Kathrin Leonhardt-Krämer
Teamleader Rail Freight Europe

“Efficiency results from the combination of powerful options. As a leading provider in intermodal transport, we bring together the strengths of different means of transport. We develop integrated concepts without system breaks and offer all the services which determine performance from a single source. We take responsibility throughout our transport operations.”

Christoph Schwarz
Director Intermodal Europe

In the Rail Freight Logistics division, we develop tailor-made freight concepts for mineral oil, automobile, scrap, coal, fossil fuels and industrial goods, and translate them into block train systems for your business.

THE CONNECTION YOU NEED

Let`s talk about your individual route:
We connect your destinations.

We combine the strengths of road and rail throughout Europe, creating seamless logistics for continental units.

With **TXCARGOSTAR** we offer you regular train frequencies. You simply book your capacities onto existing transport services. Cooperation between all the parties involved and coordinated Schedules enable fast processing at the intermodal terminals and significantly reduce transit times.
